The only way a person can "keep cool" now-a-days, is to take off his coat, sit in his bones, and think of the North Pole and ice-burys.

A number of our high-toned gents spent their Fourth, on Sunday last, by taking a trip to Butler's Spring. After viewing the scenery, they brought for their refreshment, and had a high time eating ice cream and drinking spiked lemonade.

About one half of our present edition was worked off before we discovered the error in the date our paper, when it was daily corrected. We trust it may not be the means of "setting back" any of our readers.

We were not present at the picnic at Mt. Carmel on Saturday last, but understand that it passed off to the entire satisfaction of all concerned. The Mt. Carmel folks are proverbial for getting up good sprees.

Dr. Keely has for sale at his Book Store a large lot of Blank Short Form Deeds and Mortgages, which he offers at low rates for cash. Justices, Attorneys, and others in need of the article should call and supply themselves.

We believe there is a very general desire on the part of the friends of William McClure Esq., of this township, to run him for County Commissioner this fall. Of Mr. McClure's qualifications, there is no question, and if the consents to run, we offer him our cordial support.

The good natured and familiar countenance of John D. Howland, Esq., has been slightly visible in this community for the last few days. The old friends and neighbors of Mr. Howland, are always glad to take him by the hand and greet him with a cordial welcome. Mr. Howland is attending our Common Pleas Court, now in session in this place.

It is said of Cassius, the brother-in-law of Brutus, that he caused one of his slaves to kill him, that he might not fall in the hands of his enemy. But what has that to do with the fact that pictures taken by Chaffee are unexcelled. Persons who have tried, need not this recommendation, but to the uninitiated we would say come and see.

Dr. John W. Keely has very kindly presented us with a copy of Poems by M. Louis Chittwood. We would say to our readers that the first edition is nearly exhausted, and it may be a long time before you will be able to procure another copy. Call at Keely's and purchase one, as he has a few more left.

The Spades Hack will, under the present arrangement, start out at 4 o'clock every morning, Sunday excepted, instead of 7 o'clock, as heretofore returning, will reach Brookville at about 8 o'clock in the evening. This will enable passengers for Lawrenceburg or Cincinnati, to reach Spades in time for the early train, also the early train for Indianapolis.

If you want Books, go to Keely's Book Store. He keeps on hand a good supply of Cap, Letter, and Note Paper, Pens, Pen Holders, Ink, and in fact, almost anything in the Stationery line you may want. Visiting Cards, beautiful Pearl Card Cases, Gentlemen's Portfolios, Pocket Books, Family and Pocket Bibles and Testaments, Hyman Books, Port Folios, Scamp Books, Blank Books and Notions generally.

The two-penny scamp, who tried to prevent our boy from posting a bill on the Market House, on Monday last, by a threat to set the Marshall after him, will find it a much more profitable business to attend to matters more directly concerning him, in default of which we shall deem it our duty to give his name, with other like contemptible tricks of his, to the public. The man who would thus interfere with a boy, is too mean to live in any respectable community.

Brookville Township Meeting.
All voters of Brookville Township, without distinction of party, who are opposed to the policy of the present National Administration in regard to the Kansas question, are invited to attend a meeting to be held at the Market House, in Brookville, on Saturday, the 10th of July, at 2 o'clock, P. M., for the purpose of appointing Delegates to attend the District Convention at Greensburg, on Tuesday, the 13th inst., to nominate an Anti-Leopon Candidate for Congress. Let there be a large turn out.

The wheat harvest in this section of country is steadily progressing, though it is with a good deal of difficulty that sufficient help can be procured. The wheat will be about an average crop; oats will prove almost a total failure; the hay crop promises to be pretty good, and with favorable weather, we may expect a good crop of corn.

Common Pleas Court.
Our Common Pleas Court has been in session since Monday last, Judge Heid on the Bench. Very little business of importance has been, or will be transacted during the present week.

The Grand Jury is composed of the following named gentlemen for the present term, to-wit:

James P. Jacobs, of Whitewater township; Matthias Munson, Matamora; Henry H. Solmire, Ray; Thomas J. Parry, Laurel; John Thompson, Springfield; Squire Jones, Butler; Thornton Davis, Brookville; John Barber, Posey; Isaac Phillips, Salt Creek; Elias Howell, Bath; Michael Debolt, Bloominggrove; Godfrey Seibolt, Highland.

The following persons compose the Petit Jury for the present Term:

Adam Smith, of Brookville township; Reuben Cooley, Brookville; James A. Derbyshire, Laurel; Silas Ford, Salt Creek; John B. Moorman, Ray; Hamilton Meeker, Butler; William B. Adams, Posey; Jas. Everett, Brookville; William Chance, Whitewater; Joseph L. Carl, Fairfield; Andrew Murray, Matamora; Joseph S. Hollowell, Springfield.

Suicide.
On last Tuesday week, Mr. James Maxwell, residing in the vicinity of Oak Forest, in this township, committed suicide by shooting himself through the head with a gun. He was a man of a quiet disposition, a good neighbor and in easy circumstances. What induced him to the commission of this rash act, will probably, forever remain a mystery.

Save your teeth. Why not, when you have a Dentist living in your midst? Dr. Keely is always on hand and ready to attend to your wants in this line. He extracts, cleanses, and fills teeth, and insures his work. Teeth from one to a complete set inserted, to imitate nature almost perfectly. Why gum it when you can be supplied with good masticators on short notice? See the Dr.'s card in another column, and give him a call.

SUN STRUCK.—A son of the Emerald Isle, whose name we forbear to mention, was arraigned before Justice Kilgore on Monday last, on a charge of assault and battery on the person of his mother. The Justice let him off by paying the enormous sum of one dollar and costs, which was more lenient than the usual desert. A month's imprisonment in the county jail would have been a more just punishment.

We have received No. 4 of the Indiana Farmer, published at Indianapolis by Messrs. Ray & Wellhouse. Its Typographical appearance is very creditable and is edited with more than ordinary ability. We have always been an advocate of encouragement to home productions, and believe now that it is the duty of our agricultural friends, to unite in the support of the Indiana Farmer, instead of sending abroad.

The Anniversary Celebration at the Junction of Eli's Creek with the East Fork of White Water, on Saturday last, was largely attended, and will be long remembered by the participants as an occasion of high enjoyment.

Prof. Morse returns to this country, with \$80,000 in pocket, awarded him by the continental powers who have adopted his telegraph system.

A patent was granted, on the 22d ult., to Samuel F. Jones, of St. Paul, Ind., for improvement in seeding machines.

All persons knowing themselves indebted to the undersigned, will please call and settle immediately.
